CAE brings a commitment to fighting racism, sexism & gender oppression to all its activities. We strive to create a respectful community that challenges privilege, prejudice and discrimination.

8. Do you have experience challenging your own oppressive attitudes and behaviors (please describe)?

9. In what ways are you willing to work against privilege, prejudice and discrimination both personally and in your volunteer and/or internship work?

7. Do you have any specific knowledge about challenging oppression and/or healing from violence (for example, from reading, friends/ family, personal experiences, etc)?
